10<sup>th</sup> February 2017

Dear Parent/Carer,

In addition to their usual Maths lessons, we believe that certain year 11 students would benefit from some individualised, small-group support in order to improve their understanding of key topics.

**I invite your son/daughter to take part in our Targeted Grade Programme during Term 4.**

Students will cover several topics which are essential in working towards the next grade. This involves attending a weekly 50-minute after-school session, followed by an assignment comprising written exam-style questions and an element of online learning. This model has proved to be an extremely effective way of boosting students' grades in GCSE Mathematics.

**The sessions are as follows:**

**Tues 21<sup>st</sup> February 3:10 – 4:00pm**

**Tues 28<sup>th</sup> February 3:10 – 4:00pm**

**Tues 7<sup>th</sup> March 3:10 – 4:00pm**

**Tue 14<sup>th</sup> March 3:10 – 4:00pm**

**Tue 21<sup>st</sup> March 3:10 – 4:00pm**

**Tue 28<sup>th</sup> March 3:10 – 4:00pm**

I hope that he/she is able to attend all six sessions of this intensive course. His/Her Maths teacher will advise them of the room in which they take place.

Yours sincerley

**Mr J Marston**  
**Mathematics Department**
