Homework Timetable 2009-10

KS3

Each subject should be giving approximately 20-30 mins per week for Year 7 rising to approximately 40 mins per subject in Year 9. There needs to be some flexibility in this so as not to discourage the setting of more imaginative HW tasks that may require longer pieces, or 'project' style tasks that may run over more than one HW session.

KS4/5

Giving the increasingly varied nature of the courses, their content and the drive for more independent learning means that we are not going to set a homework 'timetable' as such for KS4. The expectation is that they are set a minimum of 1 hour per subject, per week on average.

The expectation for KS5 students is that they should have a minimum of 2 hours per week, per subject
