- Attendance information (such as sessions attended, number of absences and absence reasons)
- National curriculum assessment results
- Attendance information

Why we collect and use this information

We use the student data:

- to monitor and report on student progress
- to provide appropriate pastoral care
- to protect student welfare
- to assess the quality of our services
- administer admissions waiting lists
- to comply with the law regarding data sharing

The lawful basis on which we use this information

We will only collect and use students' personal information when the law allows us to. Most commonly we process it where:

- we need to comply with a legal obligation
- we need it to perform an official task in the public interest

Less commonly, we may also process students' personal data in situations where:

- we have obtained consent to use it in a certain way
- we need to protect the individual's vital interests (or someone else's interests)

Where we have obtained consent to use students' personal data, this consent can be withdrawn at any time. We will make this clear when we ask for consent, and explain how consent can be withdrawn.

Some of the reasons listed above for collecting and using students' personal data overlap, and there may be several grounds which justify our use of this data.

Collecting student information

Whilst the majority of student information you provide to us is mandatory, some of it is provided to us on a voluntary basis. In order to comply with the General Data Protection Regulation, we will inform you whether you are required to provide certain student information to us or if you have a choice in this.

Storing student data

We keep personal information about students while they are attending our school. We may also keep it beyond their attendance at our school if this is necessary in order to comply with our legal obligations. Our records management policy sets out how long we keep information about students.

A copy of our records management policy can be obtained from our Data Protection Officer on request. Please e-mail dataprotectionofficer@hattonacademiestrust.org.uk

Youth support services

Students aged 13+

Once our students reach the age of 13, we also pass student information to our local authority and/or provider of youth support services as they have responsibilities in relation to the education or training of 13-19 year olds under section 507B of the Education Act 1996.

This enables them to provide services as follows:

- youth support services
- careers advisers

A parent or carer can request that **only** their child's name, address and date of birth is passed to their local authority or provider of youth support services by informing us. This right is transferred to the child/student once he/she reaches the age of 16.

Students aged 16+

We will also share certain information about students aged 16+ with our local authority and/or provider of youth support services as they have responsibilities in relation to the education or training of 13-19 year olds under section 507B of the Education Act 1996.

This enables them to provide services as follows:

- post-16 education and training providers
- youth support services
- careers advisers

For more information about services for young people, please visit our local authority website.

The National Student Database (NPD)

The NPD is owned and managed by the Department for Education and contains information about students in schools in England. It provides invaluable evidence on educational performance to inform independent research, as well as studies commissioned by the Department. It is held in electronic format for statistical purposes. This information is securely collected from a range of sources including schools, local authorities and awarding bodies.

We are required by law to provide information about our students to the DfE as part of statutory data collections, such as the school census and early years' census. Some of this information is then stored in the NPD. The law that allows this is the Education (Information About Individual Students) (England) Regulations 2013.

To find out more about the NPD, go to <https://www.gov.uk/government/publications/national-student-database-user-guide-and-supporting-information>.

The Department may share information about our students from the NPD with third parties who promote the education or well-being of children in England by:

- conducting research or analysis
- producing statistics
- providing information, advice or guidance

The Department has robust processes in place to ensure the confidentiality of our data is maintained and there are stringent controls in place regarding access and use of the data. Decisions on whether DfE releases data to third parties are subject to a strict approval process and based on a detailed assessment of:

- who is requesting the data
- the purpose for which it is required
- the level and sensitivity of data requested: and
- the arrangements in place to store and handle the data

To be granted access to student information, organisations must comply with strict terms and conditions covering the confidentiality and handling of the data, security arrangements and retention and use of the data.
